

Environmental Policy Statement

ERCL – Environmental Policy Statement

Exploration Reservoir Consultants Ltd. (ERCL) is a company that maintains the protection of the natural environment as an integral and significant component of all its business strategies.

The Director and Senior Management and Staff are committed to:

- undertaking all operations in an environmentally conscious manner that proactively protects the natural environment from harm or damage.
- establishing Environmental objectives and targets to ensure our continued improvement is aimed at prevention of pollution and conservation of energy.
- implementing, communicating and maintaining a documented Health, Safety & Environmental management system that is clear, concise and easily understood.
- providing training and awareness to all stakeholders regarding the sensitive environmental conditions we work within and must maintain.
- reviewing our Environment policy and systems with our key stakeholders on a regular basis to ensure they align with any legislative or company structure changes and industry best practice.
- all ERCL employees, contractors and project partners are responsible for ensuring that the protection of the natural environment is a major consideration at all times.
